

American Elm 'Princeton'

- Resistant to Dutch Elm disease
- Dense, symmetrical vase-shaped form with acute angles, making for a tight upright profile.
- Tolerant of urban conditions
- Vibrant yellow fall color

Musashino Columnar Zelkova Tree

- Tight, columnar form, good for small spaces
- Little to no clean-up. The small leaf size reduces the need for raking.
- Tolerant of urban conditions
- Fast growing
- Bright yellow to red-orange fall color

American Hornbeam, *Carpinus caroliniana*

- Tolerant of urban conditions
- Minimal pest issues
- Unique fluted trunk appearance
- Slow growth, somewhat messy
- Attractive yellow fall color

'Street Keeper' Honeylocust, *Gleditsia triacanthos* 'Draves'

- Tight, narrow, upright growth habit, ideal for small areas
- Deep green foliage, brilliant yellow in the fall
- Thornless variety
- Tolerant of urban conditions
- Fast-growing, offering quick shade and landscape impact.
- Minimal maintenance once established
- As it matures, the lower branches can be strategically removed to create a high canopy to support unobstructed views and human traffic underneath.
- Somewhat messy

Brandywine Red Maple

- Medium-sized maple (25' tall x 12'), ideal for small spaces.
- No fruits or nuisance seedlings, less messy
- Tolerates urban conditions
- Deep red fall foliage
